The Kansas Herald of Freedom gives a discouraging view of the times in Kansas. It says: "We pity the man who is compelled to mise money in Kansas. We were told by a money lender the other day that he was receiving from 10 to 20 per cent. per month for the use of money, and had been paid at the rate of 20, 25, and 30 per cent. per month to discount notes. The lowest rates, on good paper security, for the use of money, seem to range between 3 and 5 per cent. per month. Business in all our Kansas towns is nearly suspended. Men with twenty or twenty five thousand dollars cannot sell property at any prices to realize even a few hundred dollars. Real estate can be bought at ruinous rates, persons feeling compelled to sell to realize ready money, perhaps to save their credit. Hardly any branch of business is sustaining itself.

### PROGRESS OF THUGGERY.

PROGRESS OF THUGGERY.

[From the New Orleans True Delts, June 15th.]

The city was rife with rumons yesterday of the daring outrages of Thuggery, and the conduct of men heretofore recognised as gentlemen and good members of society. One report was that a band of noted Thugs had crossed the lake on Saturday night, and, for want of better anusement, shot a man who kept a coffee-house somewhere near Madisonville, and managed to escape the vigilance of the people of that neighborhood, and succeeded in making their way to the city. From all the information we can gather we believe the Madisonville outrage is correct, and the Tinugs who perpetrated it are now in the city. The knowledge of this fact does not tend to a pacification of affairs. Another element of discord has been thrown into the "bodiing cauldron. "Red Bill." "Bill Red." or "Bill Red No. 2;" or by what name this inbiquitions Thug is known, it was currently reported early yesterday morning, was arrested by the authorities of Carrollton, and immediately bailed out by Mr. Mason, the mayor of Carrollton, and that he was subsequently arrested in the first district by the present chief of police. Colonel Jacques, and we presume he will be bailed out again by some distinguished Thug behind the curtain. These movements, we can tell the powers that be, will not answer. The people want quiet. The authorities must show their hands. The question is now narrowed down to Thuggery vs. The People.

Mr. Brows introduced a concurrent resolution relative
to the adjustment of the accounts of J. M. McCalla, late
city collector.

Mr. Moore offered an amendment striking out all after
the word "Resolved," and inserting a substitute authorizing the mayor to take such legal steps as may be necessury to secure a just and speedy settlement of the accounts
of tien. McCalla.

After some discussion, Mr. M. withdrew his amendment,
and the concurrent resolution was read a third time and
passed.

The joint resolution was read a third time and passed—yeas 11, may 1—Mr. Pearson voting in the negative.

Mr. Mooks introduced a resolution for the appointment of a special committee to ascertain whether there are in print any copies of Sheahan's Digest of the Ordinances of this corporation, and at what price they can be obtained; and that said committee also inquire into the expediency and practicability of adding thereto, in the form of an appendix, the general laws since enacted by the corporation, and report to this board at its next meeting. Adopted.

Mr. Dussinoron presented the petition of Joseph Hutchinson and others, praying permission to use the public school room at the corner of 3d and A streets for Sunday-school purposes. Mr. D. also introduced a resolution granting the prayer of the petition until further orders, provided the teachers of the Sunday school will become responsible for the careful use of the city property while in their charge, and give satisfactory security to the board of trustees of the public schools for any damages which may be sustained by the corporation in consequence of said occupancy; the above permission to be on the further condition that the board of trustees concur. The resolution was briefly discussed, and read a third time and passed.

The special order was then taken up, being an act imposing taxes for the year 1858 at the rate of 75 cents for every hundred dollars of real and personal property. A joint resolution in relation to the bridges over the
Washington canal was received from the lower board,
and read three times and passed.

The bill to organize a police system for the city of
Washington, and to reduce the several acts in relation
thereto into one, was received from the lower board, with
sundry amendments.

The first amendment was to strike out that clause
which provides that no police officer shall be allowed to
become or remain a member of any illegal or disorderly
political club, association, or organization; which was
not agreed to—year 5, nays 7.

The next amendment was to strike out the word

Mr. Moore moved to amend the amendment by striking out the word "Captain," and intenting the word "Chief" in lieu thereof; which was agreed to; and the amendment of the lower board as amended was then concurred in.

The amendment of the lower board in relation to the summer uniform of police officers was amended by the insertion of a clause that such uniform shall be such as may be designated by the mayor. Theother amendments having been concurred in, the bill was again sent down. After remaining for some time, waiting for the action of the lower board on this bill.

Mr. Pearson moved that the board adjourn. He was not aware that the city was on fire, or in imminent danger of an invasion by a mob, that there should be such a desire to complete this bill to-night.

The question being taken the motion was not agreed to. After a further interval.

The question being taken the motion was not agreed to. After a further interval,

Mr. Brown came up from the council chamber and informed the board that there was no probability that the police bill would be disposed of to night, as the amendments by the Board of Aldermen were pronounced by them to be "not grammatical, and perfectly unintelligible." [Laughter.]

On motion, the board then adjourned until Monday next, at four o'clock, p. m.

Commo Council.—The hoard assembled at the usual hour, and proceeded to the transaction of business.

Mr. Tazz, from the select committee to whom was referred the communication of the Mayor in relation to the reorganization of the police, reported that, after full consideration, they recommended the bills passed by the Board of Aldermen. Although the additional police to be employed would increase the expense, still the lawless spirit which prevails demands the expense, still the lawless spirit which prevails demands the expense, still the lawless spirit which prevails demands the expense the expense, as it is believed that the force at present employed falls short of that of other Atlantic cities in comparison with the proceedings.

On motion of Mr. Wallacz, the board then proceeded to the consideration of the bill to organize a police system for the city of Washington, and to reduce the several acts in relation thereto into one. The bill having been read through, the board proceeded to consider it by sections.

Mr. Wallacz moved to strike out of the section in regard to the appointment of police the words prescribing that no policeman shall be a member of any illegal or disorderly political club, association, or organization. "He believed the adoption of his amendment calculated greatly to add to the efficiency of the police. He wished to be understood not as interfering in any way with the political opinions of any member of the police department.

Mr. Wilson moved to amend so that the salary of the captain of police, should the city police and the Auxiliary Guard be united under one head, should not be more than \$1,500.

Mr. Jones opposed the amendment, on the ground that they could not get a suitable man for less than the \$2,000.

Mr. Palmen said the expenses of the corporation would not be increased one dollar by making the salary \$2,000, as the chief of the city police at present received \$1,000.

Mr. Mullov was surprised that Mr. Jones was desirous of giving \$2,000 to the captain of police, when he was unwilling to increase the pay of certain magistrates \$50.

Mr. Jones was settisfied that the services of a proper officer could not be obtained for a less sum than \$2,000, and it was the sentiment of the city that it should be paid.

Mr. Confirst thought \$1,500 would obtain a subscote man, and in the present condition of the finances was as much as the corporation could afford to pay.

Mr. Castizman said it was time enough to consider this when the two police forces should be united.

Mr. Oranz and Mr. Powell both expressed themselves in opposition to the amendment; and then the question was taken, and the amendment rejected—yeas 10, nays

Several ameadments in regard to the uniform of the 
police having been rejected,

On motion of Mr. Monus, an amendment was adopted 
permitting the police to wear linen coats of the same 
make of those now worn.

And then the bill, as amended, was pessed.

The Board then took up the bill from the Board of 
Aldermen supplemental to the bill to organize a police 
system for the city of Washington and to reduce the several acts in relation thereto into one. The bill authorizes the Mayor to employ an additional police force not 
exceeding forty men at \$50 each per month, to be placed 
under the control of the captain of the auxiliary guard. 
The bill also provides that no person shall be appointed 
such policeman who is a member of a fire company or of 
a political organization.

Mr. Turos moved to strike out that part which refers 
to political organizations; which amendment was agreed 
to.

Mr. Orms said it was well known that the finances of

the city were in a deplorable condition, and no man could tell the floating debt of the city. He ventured to say when they got this bill in the floating debt would be upwards of \$250,000. The water question hal been re-ferred to the citizens and they had voted it down. Mr. Wallace stated that a majority voted for the prop

Mr. Wallace stated that a majority voted for the proposition.

Mr. Orne replied that out of the 6,700 votes cast but 350 voted for the proposition.

Mr. Wallace insisted that a majority had voted for the proposition and that it was lost, because two-thirds of the proposition and that it was lost, because two-thirds of the proposition and that it was lost, because two-thirds of the proposition and that it was lost, because two-thirds of the proposition and that it was lost, because two-thirds of the proposition are to the second that proposition was to fund the present debt of the city.

Mr. Wallace said he expected this opposition. He knew the finances were in a very bad condition, but the gentleman voted for every appropriation for the improvement of other wards. Were they to stand back when their lives and property were in danger? Besides, the force was only wanted in an emergency. He moved to reduce the number, however, to thirty, to correspond with the number of the Auxiliary Guard.

Mr. Wallace. Twenty-eight men.

Or. Orne said it was fifty-eight men.

Mr. Wallace insisted upon his statement, and added that, under the bill just passed, the number would be increased to thirty-three.

After further discussion, the bill was postponed until Monday next—yeas 11, nays 8.

On motion of Mr. Orne, a joint resolution was adopted for the appointment of a committee of two from the Board of Aldermen, and three from the Common Council, together with the mayor, to wait upon the Secretary of the Navy and request him to cause one or more of the new sloops-of-war to be built at the Washington navy yard.

There being no cases ready for trial this morning, the petit jurors were dismissed until to-morrow morning at ten o'clock.

The question was then taken and the amendment rejected.

Mr. Wallace moved to amend the fifth section so as to make the salaries of the magistrates all alike, at \$400 per annum.

Mr. Origin hoped the gentleman would not press the amendment, as they had not consulted the magistrates in regard to it.

Mr. Wallace did not see why some magistrates should receive larger salaries than others.

Mr. Origin replied that they did double duty. There was very little service in the outskirts of the city.

Mr. Jords inquired whether these gentlemen would be willing to exchange with those on the outskirts.

Mr. Wallace said they were quite willing to do so.

Mr. Mullor was one of the special committee, and could not see why these magistrates should not be put upon the same footing.

The question being taken, the amendment was rejected.

On motion of Mr. Bohres, the word "captain" was substituted for the word "marshal," so that the office should be that of "captain of police."

Mr. Mullor moved to amend the eighth section, so that if the rules and regulations for the Auxillary Guard should be changed by placing one branch under the direction of the captain, it should be the duty of that officer to report to the mayor; which amendment did not prevail.

Mr. Wilson moved to amend so that the salary of the captain of police, should the city police and the Auxillary Guard be united under one head, should not be more than \$1,500
